## Tattoo Meaning

The *Jump out Boys* was an idea that was thought of by the first few members. The name *Jump out Boys* was ~~given~~ <sup>GIVEN</sup> to us in Compton by various gang members who we came in contact with on a daily basis. The red eyes will be on all *Jump out Boy* tattoos. If the gun is smoking then that means the member has been involved in at least one shooting. The number you were given means that you are part of an organized brotherhood that follows a structure in order to compile and review the members who are entered into a booklet.
