I've attached our year to date stats for FI's. As you can see we are not amongst the leaders. No doubt we contact a ton of gangsters; I think we just need to fill out a few more FI's. Any thoughts?

Good afternoon,

Attached is a spreadsheet indicating the CalCang entries by unit. As you know, getting gang members entered into this intelligence database is crucial to solving gang crimes throughout California and neighboring states. I encourage each of you to send additional personnel to training so they can enter field interview cards into the system.

Custody Division is paramount to keeping CalGangs pertinent and up to date.

If units do not have the personnel or time to enter field interview cards, please send them to OSS HQ and we will assist you.

Thank you very much for helping us out.

br

BR,

As requested here is a list of all 2013 entries, the excel list attached has three list, see bottom, LASD, Other, and LAPD.

Stats are highest to lowest.

LASD Lakewood continues to be the highest entries, even over LAPD.
